

E-Safety Statement

Stapleford Primary School works with staff, pupils and parents/carers to create a school community which values the use of new technologies in enhancing learning, encourages responsible use of ICT, and follows agreed policies to minimise potential e-safety risks.

We discuss, monitor and review our e-safety policy on a regular basis. We support staff in the use of ICT as an essential tool for enhancing learning and in the embedding of e-safety across the whole school curriculum.

We ensure that pupils are aware of the potential e-safety risks associated with the use of ICT and mobile technologies, that pupils feel able and safe to report incidents and abide by the school's e-safety policy.

We provide opportunities for parents/carers to receive e-safety education and information, to enable them to support their children in developing good e-safety behaviour.

We hope you find the links below useful:

- [Think U Know](#) - containing internet safety advice for those aged from 5 to 16, along with parents and teachers, this site is produced by CEOP (the Child Exploitation and Online Protection Centre).
