

Sports Premium Funding 2018 – 2019

What is the Sports Premium?

The government is providing new and substantial primary school sport funding. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school headteachers to spend on improving the quality of sport and PE for all their children. Each school will receive £16,000 plus an extra £5 per pupil each year for the next two years. The money can only be spent on sport, PE provision and related resources in schools.
